ACKNOWLEGEMENTS

Manitoba Conservation acknowledges the assistance provided by the Royal Canadian Mounted Police who provided information for this Firearm Incidents Report. It is through this organization that detailed information on each firearm incident was obtained. This report does not necessarily include all firearm incidents in the province as we can only report on those incidents we receive information for.

NOTE: This report does not cover firearm incidents within the cities of Brandon or Winnipeg.

1-877-633-Hunt

SUMMARY

During 2006, there were three reported firearm-related incidents. In 2004 there were six incidents and in 2005 there were five.

One of the incidents in 2006 was self-inflicted. None of the 2006 incidents involved a shooter under 18 years of age, compared to two in 2005 and two in 2004.

All three of the reported incidents were related to hunting. Two of the reported incidents occurred during a licenced hunting season.

All three of the reported incidents occurred at a distance of less than ten yards. Two of the three reported incidents involved a graduate of a Hunter Safety Program.

There were 3,032 students that completed the Manitoba Hunter and Firearm Safety course in 2006, while 2,624 completed the course in 2005. 148,303 students have now graduated from the program since it began in 1964. Of the total, 168 have later become involved in a firearm incident, which represents 0.11%. In 2006, 14 new instructors were certified, bringing the total number of volunteers to approximately 250 active instructors.

In 1998 Manitoba Conservation entered into an agreement with the Manitoba Wildlife Federation (MWF). The agreement transferred the administration and delivery of the Manitoba Hunter and Firearm Safety Training Program to the MWF.

CAUSE OF INCIDENTS

	2005	2006
Victim out of sight of shooter	0	0
Victim moved into line of fire	0	0
Victim covered by shooter swinging on game	0	0
